MARCH 2024 HIGHLIGHTS

World TB Day: Yes! We can end TB

World TB Day is an opportunity to renew commitment, inspire and take action to end TB. Partners and colleagues around the world share successes in TB prevention, control and raise awareness.

For the occasion of World TB Day, what ideas, inspiration, knowledge, resources would you like to share? Share with us your eye opening or thought provoking knowledge!

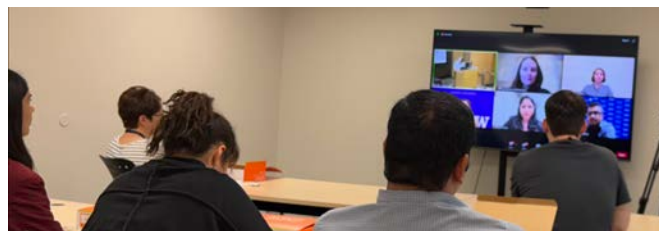

UCSF: World TB Day Symposium & CITC 30th Anniversary

Theme: Lessons from the past and the way forward with perspectives from early-stage investigators(ESIs), patients, and communities.

- Thank you all who joined us In-person and Virtually for this event.
- Here is the Slack channel UCSF provided.
 - [ESI Slack channel](#)–Get active with TRAC Connections devoted to ESIs across all TRACs.
