2025 IN-TRAC Patient Conference Recap

On October 30th, IN-TRAC hosted its 2025 Patient Conference—a powerful day of learning, connection, and patient-centered storytelling. The event featured a moving patient panel moderated by Dr. Blanca Restrepo, with heartfelt contributions from Sophia Elizabeth Martinez and her parents Ernest and Joyce, Jorge Sosa Martiarena, and Lorenzo Salinas. Their stories highlighted resilience, the realities of treatment, and the importance of humanizing science. Thank you to everyone who joined us and helped make this year's conference one of our most inspiring yet!

Spread Some Holiday Cheer! 🎄

This holiday season, you can help brighten the days of families supporting loved ones on a medication regimen. Consider donating a **food, gas, or gift card**—every little bit makes a difference! Donations will be gratefully accepted for the Heartland National TB Center during our **social on December 18th**. Let's make this season a little brighter together!
