RUN THE MISSION

RACE TO END TUBERCULOSIS

Together We Make a Difference!

Join us for the second annual Run The Mission: Race to End Tuberculosis, hosted by the Volunteer Services Council of TCID for the Texas Center for Infectious Disease.

This inspiring event brings our community together while raising crucial funds to support patients at TCID who are receiving critical treatment for complex tuberculosis diagnoses, as well as the tireless staff caring for them.

Whether you're a seasoned runner or looking for a meaningful way to make a difference, your participation will directly benefit both patients and the dedicated healthcare professionals who serve them. Together, we can turn every step into a stride toward better care and brighter futures.
